

Environmental Technology Limited

The Millennium Dome, Greenwich

A £1 million package, in 1999, for the design-development, manufacture and site installation of Ticket-Line Booths and Gates, the booths featuring translucent polycarbonate cladding on a tubular frame and incorporating gate controls, communications facilities, and power-operated access facilities for disabled person kiosk attendants.

Client:	The Millennium Experience Limited
Architects:	Richard Rogers Partnership
Designated Contractors:	McAlpine/Laing Joint Venture
