SPECIFICATIONS (REV.03)

APRIL 2008

ENTECH SERIES 1453 CABLE MANAGEMENT SYSTEM, consisting of pressformed curved facing panels, from 1.5mm zinc coated mild steel, curved to the tunnel contour, all visible external surfaces of the panel being finished in Entech High Quality Polyester Powdercoat RAL 9006 Metallic Silver (LUL Approved), or an alternative RAL colour as required, the panels being fixed with continuous stainless steel hinges to custom-punched and fabricated support rails at 1000mm nominal centres along the length of each Platform, the rails being supported by roll formed channel hoops at 1500mm nominal centres, the panels being secured in the closed position with ¼-turn budget-pattern locks, the support hoops being fixed to the tunnel substrate with M10 resin anchors, there being provision for fixed infill panels between the hinged access panels to carry custom-designed PA Speaker, CCTV Camera, and lighting units, all being to detailed design and approval.

ENTECH SERIES 1453:A CABLE MANAGEMENT SYSTEM, as for the Series 1453 CMS but with curved facing and fixing infill panels from 2mm aluminium, polyester powdercoat finish, all being to detailed design and approval
